OUR VENDORS

CLEA MAMET,
DIRECTOR,
THE HEALTHY FOOD COMPANY

Please tell us more about The Healthy Food Company.

With The Healthy Food Company, I wanted to provide healthy but also tasty food to people who wanted healthier options for lunch. Whether it be a delicious avo and egg toast or an Asian bowl with brown rice and shrimps or tofu, we have options for everyone. We also cater to the needs of people following specific diets such as the keto diet or those who are vegan. In the region of Plaine Wilhems, such options are quite limited unfortunately and we think that there are more and more people aware of the importance of a balanced diet. We opened the restaurant in Rose-Hill two weeks before lockdown but fortunately we were able to get our permits for delivery quite fast. Our delivery service remains active throughout the island.

So far, what responses did The Healthy Food Company get from consumers?

So far, we have had a lot of positive feedback from our customers, many of which have been ordering very regularly from us. We do everything we can to serve flavourful meals that are pleasing to look at and are good for the body and soul. And most importantly at an affordable price. We also try to meet everyone's needs with keto and vegan options on our regular menu and dishes that change every week.

What are your views about the combination of healthy and aesthetic food culture in Mauritius? Moreover, what are The Healthy Food Company's forthcoming plans and concepts?

I think that there are more and more options in Mauritius, unfortunately most of those are located in coastal regions or in hotel restaurants, and at high prices. We really want to have affordable options for locals that are health-conscious.

We are planning to have some of our products available in supermarkets around the island, and we are working on a brunch menu for every Saturday in the restaurant in Rose-Hill.

BALKRISHN MOHABEER,
DIRECTOR,
LE TANDOOR

Since the end of the lockdown, many food outlets like yours have reopened. How is it going since the resumption?

As shutdown and restriction due to covid-19 pandemic are now under control, our Le Tandoor team is very excited to welcome you with friends and family at our Indian restaurant. Before reopening our team has taken every measure to sanitize each and everything which is in contact with our guests and the staff as well. During this reopening, a tiny number of clients have visited us, our business plan is to focus on more types of promotions. We have also launched a delivery system in the north region only.

How do you see the catering and outdoor dining blooming after the lockdown?

We are having new customers calling for delivery who also want to dine in. As per the new protocol put in place by the government about sanitary measures and social distancing, we have adopted every method to fight the invisible enemy, Covid-19.

What are your plans for Back to Business?

Le Tandoor Restaurant will put a winter promotion on 15th June 2020 to 30 June 2020. This promotion will be based on 50% discount on sales of minimum Rs 3,000 and also 15% discount on delivery sales of minimum Rs 2000.

Order lunch starts at 11:00 AM to 15 :00 PM
Last order for lunch will be taken at 14:45 PM

Order Dinner starts at 18:00 PM to 21:00 PM
Last order for dinner will be taken at 20:45 PM
